प्रश्न क्र.

Answer Q. (13)

When Rana Pratap lost his state 'Mewar' in a war against the Mughals. He was suffering from exile and other difficulties. He left all the hope of regaining his kingdom. At this time Bhama Sah came forward and laid down all his immense wealth at the foot of Rana Pratap. It was a great service of Bhama Sah to his motherland. So Pratap Singh called Bhama Sah, "the Saviour of Mewar."

प्रश्न क्र.

Answer Q. (5)

Title :- Means of exchange 'Money & Barter'

Notes :-

1. The need for money in simple society

1.1 depend pepl. for goods & services. each other

1.2 exchange a certain amt. of goods for a certain amt. of another.

2. In an advanced society,

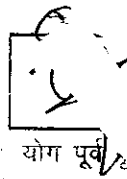

2.1 barter can't work properly

2.2 We can't go around for the things we need.

Summary :- The need for money originates from the fact that different people in society produce different things. So they depend on each other for goods and services. ~~Mean~~ Means of exchange will be for them to use barter. But in advanced society, barter can not work.

"Wonders of Science"

- Outline :-
- (1) Introduction
 - (2) Scientific invention
 - (3) Means of communication
 - (4) Medicine and surgery
 - (5) Computers
 - (6) Atomic energy
 - (7) As a curse
 - (8) Conclusion

"In the sky above and in the ocean below and on the Earth between in, everywhere has the triumphant chariot of science." - Anon

"Our life, today, is governed and conditioned by the offshoots of science." - Nehruji

(15)

SECONDARY EDUCATION, MADHYA PRADESH, BHOPAL

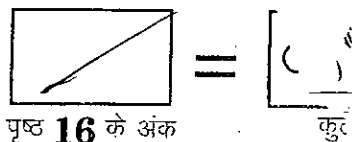

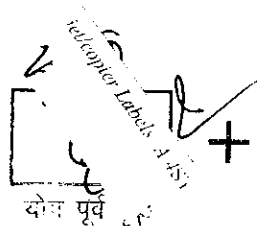

प्रश्न क्र.

(1) Introduction:- Modern age is the age of science.

It has made progress in all fields. It has changed the way of our living. There are many wonderful things invented by science. Science plays an important role in our daily life. It has made our life easier and more comfortable.

(2) Scientific invention:- Scientists have developed and discovered ~~sew~~ several things big and small through very small observations. Boiling water in a kettle has given us the idea of Railway engine. Falling of an apple from a tree has helped Newton to discover, "the Law of Gravity. Electricity is one of the wonderful thing invented by science. It runs our mills, trains and factories. It washes and irons our clothes. It keeps our rooms cool and warm. Modern life is impossible without Electricity.

16

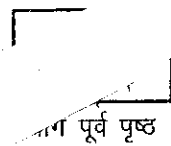

प्रश्न क्र.

(3) Means of Communication:- Buses, Cars, trains, scooters, aeroplanes and ships are the greatest contribution of science. Man can reach any part of the world within seconds. We can take breakfast in Delhi, lunch in London and dinner in New York. The day is not very far when man will be able to travel easily on other planets and stars.

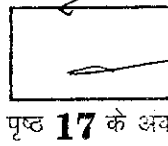

B
S
E

(4) Medicine and Surgery:- Science has not only cured man from diseases. But also it has lengthened his age and made him healthier as well. Science has done wonder in field of surgery. Heart surgery and transplantation have become ordinary now-a-days. Science has given eyes to blind, ears to deaf and legs to lame. Science has controlled many incurable diseases like T.B., cancer and leprosy.

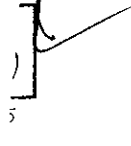

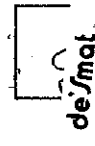

17

+

=

प्रश्न क्र.

(5) Computers:- Computers are the great and wonderful invention of science. Computers have helped the man in several fields. They make complex and complicated calculations in a fraction of seconds. They help in controlling several machines, T.V. stations and Satellites.

(6) Atomic energy:- With the discovery of Atomic energy, man has harnessed an inexhaustible source of energy. It can meet the demands of energy of the world for a long time.

(7) As a curse:- Everything has two sides. Science too has dark side. The inventions and the productions of Atom bombs and other dangerous weapons are the threat to humanity of the world. They can destroy big cities and villages in second. Big factories and machines have made atmosphere polluted. It is

becoming more and more difficult to get water and air pure and clean. Pollution is also a threat to the world at large.

"If third world war will be fought with bombs and ~~million~~ missiles then fourth will be fought with stones and arrows."

- C.E.M. Joad.

B
S
E

(8) Conclusion:- Science is a good helper of modern man. It can make the life of man happier and healthier. Truly it is because of science that man is called the "Master of the world." So we can say that science is good servant and bad master.

Hardy rightly said, "Science is angel in peace and devil in war."
