Ques-(5) का Ans

To,  
The collector,  
Shivpuri (M.P.)

Subject - An Application for malfunctioning in  
Govt hospital.

Respected sir,

**B** I would like to draw your attention to  
**S** the lack of facilities and malfunctioning  
**E** of the Govt. Hospital and request you  
to take any legal action so that people  
may get proper medicinal facilities.  
There are only two doctors and three  
in hospital. They are also not available  
on time. necessary medicines are also  
not available ~~on~~ on time. Nurses do not  
attend the patients properly. Beds and rooms  
are also not cleaned on timely. The X-Ray  
department is also malfunctioning. There is  
no facilities for sonography.

I shall, be greatly obliged if you look in  
this matter soon.

Thanking you in anticipation

योग पूर्ति —      पृष्ठ 13 के अंक —      कल अंक

प्रश्न क्र.

"In the sky above, In the ocean below  
on the earth between everywhere  
has gone the triumphant chariot  
of Science."

B  
S  
E

1) Introduction - It is the age of Science. There are many wonders of science. Science plays an important role in our daily life. It has made our life healthier and more comfortable and easy.

Science is a systematic but a way of knowledge and living.

Electricity - Electricity is the greatest invention of science. It serves us hundred and thousands of ways. It washes and irons our clothes. It runs our houses, mills, trains factories. It warms and cools our houses.

14

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

प्रश्न 14 के अंक  
प्रश्न क्र.

It entertains us through t.v.,  
radio, Mobile, cinema etc.

"Modern life is impossible without  
Electricity."

P.T. Nehru

### 3) Scientific Invention -

B      Scientific scientists have invented  
 S      many things through observation  
 E      of very simple events.  
Water boiling in kettle has  
given the idea of railways  
engine.

Falling off an apple has helped  
Newton to discover the gravity  
laws of the earth.

### 4) Means of communications -

Buses, cars, ships, aeroplanes  
are the greatest contribution  
of science. Man can reach  
any part of the world within

few hours.

The day is not far when will be able to travel on planet to (starts) Other stars very easily.

"Science is a good servant but a bad master."

C.E.M. Joad

B  
S  
E

### 5.) Means of Medicines and surgery -

Science has not cured man from deadly diseases but it has lengthened his age and made healthy and happy. With the help of science man has controlled the incurable diseases like t.v., cancer, leprosy etc.

In the field of Surgery too Science has done wonders. Heart Surgery, Heart plantation have become ordinary things.

"Science is the key which unlocks the storehouses of nature for mankind."

### (6) Computer -

Computer is the greatest invention of Science. It can do several complex works in a very short time.

It has a large memory. We can store our pictures, songs, movies in it.

B  
S  
E

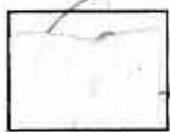

Computer is using in every field of life now-a-days.

### (7) Disadvantages of Science -

Everything has two sides. Science too has a dark side also. The invention and production of atom bombs and other weapons are great threat to the existence of the humanity. They can destroy the world in few seconds.

Secondly big factories and mills polluted the atmosphere.
