प्रश्न क्र.

If we want to make our nation stand on the stage of world, we have to make changes in education system.

## 2) Importance of English-

There is no any field or subject where English is not important!

There are more than 300 million native speakers of English in the world. English is the language of business, trade, communication, 'interaction', visualization, etc.

English is the most spoken language of the world. We can find any one speaking English in any corner of the world!

The large amount of data available on internet, which is the source of so many information and knowledge, is in English.

Thus if we want to get this knowledge and information we have to know English language.

B

### 3) Condition of English in India -

In India, English is very much popular and there are so many native English speakers in India but it is still less. We have increase it to a really large level. There are many English medium schools in India, but their students can't speak or communication in English. The problem is in the foundation.

B  
S  
E

### 4) Steps that must be taken -

English knowledge should be encouraged and spread among the students through edutainment and infotainment. There should be programmes and events of spreading English knowledge in schools.

Education system should be changed such that a student can learn English just like his mother tongue.
