[Answer no - (13)]

"Bhama Shah : The Donor"

B
S
E
~~Bhama Shah was a chief minister of "Mewar". He loved his motherland Mewar very much. Long ago his ancestors found favour with the lords of Mewar. So Bhama Shah was thankful to the grand and generous rule of Mewar. When he knew the difficulties of Maharana Pratap, he did not hesitate a minute to lay down all his wealth at the feet of Rana and asked him to raise the army and regain his Kingdom again.~~

This was a great service of Bhama Shah to his motherland.

This shows in him the nobility, patriotism and the spirit of sacrifice.

Sp - His qualities were -

- (i) He was a great donor.
- (ii) Lover of mother.
- (iii) Spirit of sacrifice
- (iv) Patriotism
- (v) Nobility.

[Answer no - (14)]

- (a) The wind
- (b) ever
- (c) Poet "R. L. Stevenson."

[Answer no - (15)]

B
S
E

The poet wants God to light the lamp at the door of his soul, because there is darkness (i.e. ignorance) in his heart and this is the cause of all evils and unhappiness. If there is light (i.e. knowledge), so darkness will be removed and he will be happy.

So the poet wants God to light the te lamp of thy love.

(Answer no - (16))

~~The wind always hides itself and it pushes, blows all day long.~~

~~A person, who can conquer anger and rules himself, is noble, brave and wise.~~

(Answer no - (17))

(1) ~~The woman started running because she saw a formidable army and she panicked.~~

(2) ~~Malaria occurs most, where the land is damp and marshy.~~

(3) ~~The problem of the soldier was that he did not know the Spanish language.~~

प्रश्न क्र.

1) Introduction

The advantages of science are the great blessing to mankind. Science has a magic power, it has transformed the human's life. It has proved itself to be quiet and obedient servant in homes, in office and in the factories. Science serves us like a faithful servant. It has changed our life and made it more comfortable and easier.

B
S
E

"Today our life is fully governed and conditioned by the offshoots of science."

- pt. Nehru

2) Scientific Invention

Scientists have invented several things for the humans, some are small and big and some are light and heavy. Our life became very easier by science. Falling of an apple from a tree helped Newton to discover the "law of gravity". Electricity communication means, travelling means, computers etc. are the great inventions of science.

3) Wonders of Electricity

Electricity is the great wonder of science. Our work became a pleasure with electricity. Our railway trains, all type of machines are running with the electricity. It has fully changed night into day. It warms our rooms in winter and cools them in summer. It washes our clothes and irons them.

"Modern life is impossible without electricity."

4) Medical science -

Science has given several medicines and vaccines that treat any type of diseases. Open heart surgery, heart and organs transplantation have become possible because of science. Treatment of many incurable diseases became possible because of science.

5) Wonders in Agriculture field -

Science has done wonders also in the field of agriculture. Science has given us many useful tools and tractors and machines. Our country is depended on agriculture. Science is a boon for the agriculture.

प्रश्न क्र.

9) Disadvantages of science.

Science has a dark side also. Because of science world is on the existence by the discovery of dangerous weapons and atom bombs.

" Science is the key , that opens the store-house of the nature for us."

10) Conclusion

B **S** **E** Everything has two sides. Science has also a dark side. Science has invented several machines and thing , which have thrown the thousands of peoples out of their jobs. Because of science the man has forgotten his God and his religion. In this way the science is a curse for human's life.

" Science is a beautiful gift to humanity we should not destroy it."

- A.P.J. Abdul Kalam.
