### The Importance of Trees

We are human our life depend on environment and nature. The environment contains trees, river, oceans, mountains, and many more natural things, but trees play important role in our life, all the people need trees they provides many useful thing which help in human life on daily basis, some of them are fruit, flower, medicines, wood, and most important Oxygen also it help in raining, they make environment beautiful and make earth green. For the life of human begin it is necessary there should be more and more plant, but people doing opposite work they cut many trees for making roads, buildings, people think it help in development of the Country, but result occurs in form of lack of oxygen, lack of trees on earth, it create big and dangerous problem for "earth and human". There is need to do more plantation grow more trees, We need more than trees need of us.

Save Earth, Save Life, Save Trees.

Received no letter for long time from your side hope everything is fine at your side. I really want to tell you about my Summer vacation went <sup>good</sup> firstly I was going to my village where my grandparents lived it was a unique experience saw many different kinds ritual, culture and tradition. People talking in different language my grandfather told me this the bundali language. I had stay for three days and the next day we were going to temple, the temple was 5000 <sup>years</sup> ~~year~~ thousand old, many people came here for making prayers this place is so much crowde but very peaceful. It was very good experience and gave me nice memories.
