Subject: Concern over increasing road accidents.

Respected Sir,

I am writing this letter to inform you that the number of road accidents is increasing in my locality. The very possible reason for this is rash driving of some youths. It's not safe to go out of home early and it's more concerning for families having little kids. They are on high danger.

Some possible solutions for this problems are:-

- Improving the quality of roads.
- Punishing the driver with high fine.
- Keeping a check on these rash drivers by setting up speed breakers on the road.

I hope these methods will work and I kindly request you to take some actions for the safety of people in our locality.

I will be very grateful to you.

Thankfully
yours and respectfully.
