An Accident

Last Sunday, in the evening a bus was ~~coming~~ running at normal speed coming from the shastri park, Damoh. It was full of travellers. A car was also coming behind the bus. Suddenly, a ~~stray cow~~ came in front of bus. The bus driver took the sharp turn to save him. In doing so, he has ~~lost~~ lost the control over the bus. The result was that the bus was hit car badly. The car driver and many passenger of bus injured, but fortunately the bus driver did not receive injury. He took all the injured people to hospital. He admitted them in the hospital. The treatment was started as very soon.

We should drive carefully, road should be broadened and one way system should be made. people and Govt. joint efforts should be solve such problems.

Answer of question - 07

Outline -

- (i) Introduction.
- (ii) Electricity.
- (iii) Computer.
- (iv) Means of transport and communication.
- (v) Means of recreation.
- (vi) Medical field.
- (vii) Advantages and Disadvantages.
- (viii) conclusion.

According to samuel -

"Science is the key which unlocks for the ~~mankind~~ mankind store house of nature."

(1) Introduction :-

Modern age is the age of science. It is ~~has~~ progressing in every field of life. It is the greatest ~~and boon~~ and blessing to the mankind. It has ~~the~~ magic power which fulfils our all desires. It has given us many wonderful things for human beings that were not possible. It has changed the life style of man. There are many wonder of science such as - computer, Electricity etc.

प्रश्न क्र.

(ii) Electricity -

Electricity is the most wonderful gift of science. It runs our mills, trains and factories etc. It has lighted our house, offices and roads. It keeps our houses cool and warm in different season. Modern life is not possible without electricity.

According to Swami Vivekanand :-

"Science has lighted the world from the darkness."

(iii) Computer :-

Computer is the most wonderful invention of science. It can do every kind of work. It is friend of teacher, students, traders and scientist. It has solved our such problems. All works are done by computer in offices and atomic energy.

According to Atal Bihari Vajpayee :-

"Jai Jawan Jai Kisan Jai Vigyan."

प्रश्न क्र.

(iv) Means of transport and communication :-

Science has given us many fastest means of transport such as - Trucks, buses, Aeroplanes and jeeps etc. It has made our travel easy, fast and comfortable. It has brought the men and country nearer.

Mobile, fax, E-mail etc. are the fastest means of communication. With these help, a message can be sent in any part of the world in a short time. It has changed the life style of man.

(v) Means of recreation :-

Science has given us several means of recreation such as - Television, Radio, multimedia etc. We can hear the news and programmes on radio anywhere. Television brings the actual scene before our eyes. Mobile and Internet are also entertain us.

(vi) Medical field :-

Science has given us many wonderful medicines to cure from terrible diseases. Heart transplantation and heart surgery has become very simple thing now. a day. science has given eyes to blind and legs to lame. Really the dangerous diseases like - cancer and T.B etc. can be controlled by the help of science.

प्रश्न क्र.

(vii) Advantages and disadvantages:-

As you know, everything has two sides, so science has also dark side. Atom bomb, Tanks, Hydrogen bomb, missiles are the dangerous invention of science. They can destroy the world in a few minutes, so, we can say that science is a good servant, but a bad master.

The pollution of atmosphere is being created by the science. It has also cursed for us.

According to prof Hardy:-

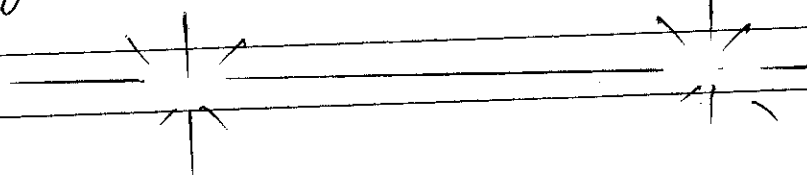

"Science is an angel in peace and devil in war."

(viii) conclusion:-

science is the great helper to the modern man. It gives us both advantages and disadvantages. so, the miracle of science and technology must be properly used for the welfare of mankind.

According to pt. Nehru:-

"Our life, Today is governed and conditioned by the science."

(b) The poet says that one should not care of either future. Future finds us further than present and the past is dead.

(c) The truck driver took the kids into the restaurant.

(d) Lord Krishna says that only who will certainly love him whose heart pure and have ice.

$$[\quad] + [\quad] = [\quad]$$

Answer of question-15

According to the poet 'Soni Chissat', we are the future of this nation. No a single person either I, he, or she, but we together are able to build our nation. We have the power & strength to face any difficulties of life and achieve any goal. We don't know anything about the future, but we are able to remove any hurdles.

We, young men and women work hand in hand come to build our nation from different cities and towns. We stand by our creed and we proud to be Indians.
