E

Sir,

i am sorry to report you that the postman "Bhanu" has displeased almost people living in this locality. His work and behaviour both are unsatisfactory. He is very irregular and careless some times he delivers my letters to other person so many important documents never reach the right person. Everybody in this locality is displeased with him.

I requested him many times but no effect, so i request you to look better in it and send some other person in place of him.

Thanking you.

your truly,

(a) Wonders of Science.

- (1) Introduction.
- (2) Electricity
- (3) means of travels.
- (4) means of communications.
- (5) means of recreation.
- (6) medicine.
- (7) Agriculture.
- (8) computer.
- (9) Disadvantage.
- (10) conclusion.

(1) Introduction :-

"man loves to wonders
it is seeds of science."

By - Ralf wood merson

This is the age of science. Science
has changed our out look and

प्रश्न क्र.

way of life. Science has done more wonders. It is a gift of knowledge passed by man. It is neither good nor bad by itself. It all depends on how he uses the gift of science. Whether he uses gift of science interest of human happiness.

(2) Electricity :-

"No heat no cold,
science is full hold."

By - William Hazlitt.

The wonder of electricity is to be seen in the every field of life. All comforts and luxuries of our life are owing to these two things. The wonder of electricity is growing day by day. Every houses ~~felt~~ feel the absence of electricity.

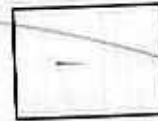

Electric lights keep our houses, shops roads, streets and other places illuminated. Electric fans help us in fight against the heat.

प्रश्न क्र.

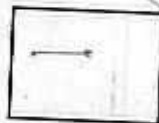

(3) Means of travel: - The biggest achievement of science is to be seen in the field of transport. Science has conquered time and space. Mighty distances have been conquered. A man can reach any part of world with in hours. A man may have his morning breakfast in Delhi, lunch in London and evening meals in New York. The day is not very far when a man will be able to travel easily between two stars and planets.

B
S
E

(4) Means of communication: -

"Necessity is the mother of invention"
By - Nehruji

Science has given many means of communication. Message can be sent easily between two centres countries and a man may have this m. with the help of these means. telephone, wireless

प्रश्न क्र.

fax, email and Internet. The whole world shrank in to a small village. Now a days mobile change the lifestyle of a man.

(5) Means of recreation:-

"Science has organised knowledge
Knowledge is organised life."

By - Immanuel Kant.

Ten thousands year ago people do not know the great possibility of the great service. Science has provide many means of recreation. Science made the human life more comfortable and more birth living with the help of these means. The cinema is the blessing of science it relieves human tension and make him more fit for the next day. Radio and television to have brought a wave of happiness in every house.

(6) Medicine

(6) Medicine :-

"Many impossible things have become possible things due to invention of science."

By - Anonymous.

+

प्रश्न क्र.

(8) Computer:-

"Our life today governed by science."
By- Nehruji.

Computer is the latest invention of science. It has solved many problems. All works in offices ~~is~~ done ~~on~~ on computers. It has done a lot of in TV programmes.

(a) Disadvantage:-

"Science is an angel in peace and devil in wars."
By- Prof. Hardy.

Science is really served bad man but on the other hand it has invented many dangerous weapons like atom bombs, hydrogen bombs which can destroy the whole world in few seconds.
So it can be said -

"Science is a good servant but a bad master."

प्रश्न क्र.

(10) Conclusion :- It we can be say that science is our faithful servant. Science has created a new society and change the life style of the man. It has given us scientific method. A man call the master of the world because of science. It should be use in the interest of human happiness.

B
S
E

" Science have taught us how to fly like ~~to~~ birds in the sky, how to swim like fishes in the water but it have has not taught us how to walk on the earth."
